Washington, D.C.: Magination Press, 2008. Summary:

Bibliotherapy can be defined as reading self-help books to help you solve problems you may be facing at a particular time in your life. It involves reading specific books or e-books which are relevant to your own difficult life situation. Research has shown that bibliotherapy can help to boost individuals' well-being, self-confidence, self-esteem and overall quality of life. It can be a very practical and discreet way of learning new coping strategies.Â Overcoming problematic alcohol and drug use: a guide for beginning the change process Pssst - a really useful guide to alcohol.
