I think that anything about Sethe would work sin In this essay, I'll break down and demystify the format of an article for a general journal. Note that I'm a sociologist, so my insights are field-specific. So, too, must I acknowledge that journals, particularly specialty ones, may have their own style of writing, so the articles you read in them may not follow the format I'll lay out below. One of the things you should always do before submitting a paper is read articles published by the journal to which you are submitting to get a sense of the conversations being had in its pages and to find a model for your own work.
