Early Chapter Books for 5 to 8 Year Olds who are beyond easy readers yet not read for middle school books. Adventure early chapter books for kids ages 5 to 8 feature fast-paced, exciting action and heroic boy and girl protagonists. Great for reluctant readers. 10 images about best early chapter books on. Magical chapter books for kids not ready to read Harry Potter series, whether because of reading level or age appropriateness. Early chapter books for 5 year olds on up. A chapter book or chapterbook is a story book intended for intermediate readers, generally age 7-10. Unlike picture books for beginning readers, a chapter book tells the story primarily through prose, rather than pictures. Unlike books for advanced readers, chapter books contain plentiful illustrations. The name refers to the fact that the stories are usually divided into short chapters, which provide readers with opportunities to stop and resume reading if their attention spans are not long enough to chapter book n. a children s book, typically a work of fiction, of moderate length and complexity, divided into chapters and intended for readers approximately seven to ten years old: cf.
