Dr. Susan Love believes that menopause is a life stage that every woman experiences differently, and so every woman should be able to choose the treatments that are right for her. She bases her advice about lifestyle changes and the dangers of hormone replacement therapy on scientific research. Dr. Susan Love's Menopause and Hormone Book also includes a questionnaire about your own health, history, and lifestyle preferences to help you design a treatment plan that best fits your needs. The Little Book of Menopause™. The main cause behind menopause symptoms is the reduction of female hormo...
