From out of Chaos starts off exactly where Dark matter heart left us off . Now i dont want to give out any spoilers here so i'm going to keep this really short . But i have to say this , after i finished reading Dark heart matter and the way things ended there i thought , well something good was bound to happen somewhere (view spoiler)[Cor and Caitlyn's relationship (hide spoiler)] but that was not to be . *sighs* More destruction and devastation follow our hero , his family and friends .Â I did like From Out of Chaos, but not as much as I liked Dark Matter Heart. I didn't like that it was the good characters that caused the chaos and not the bad guys. It's one thing when you cannot control the bad things that happen to you, but its another thing when you cause them.
