Popular films have always included elderly characters, but until rece...[Â](#) The first-ever sustained discussion of old age in cinema, The Silvering Screen brings together theories from disability studies, critical gerontology, and cultural studies, to examine how the film industry has linked old age with physical and mental disability. Sally Chivers further examines Hollywood's mixed messages - the applauding of actors who portray the debilitating side of aging, while promoting a culture of youth - as well as the gendering of old age on film. The Silvering Screen makes a timely attempt to counter the fear of aging implicit in these readings by proposing alternate
