Reviews

This kind of book is almost everything and made me searching in advance plus more. It is actually written in basic terms instead of hard to understand. You are going to like how the author wrote this publication.

-- Charlotte Russel

Complete guideline for ebook lovers. Better than never, though I am quite late in starting reading this one. It has been printed in a remarkably simple way in fact it is only right after I finished reading this book through which in fact transformed me, altered the way in my opinion.

-- Monserrat Runolfsdottir

A Guardian Angel Helped This Poster Avoid A Deadly Snakebite. From lightenergy: "When I was in my 20s, I spent four years traveling the world. I was in South Africa, just outside Durban, and a friend had taken me on his motorbike to his favourite waterfall. We had both been swimming but I got cold and went to sit on a patch of green grass.Â He was waiting to see what my next move was to be, and he had seen me long before I saw him. I slowly backed up and walked very carefully backwards to where Tim was. I have no explanation for the voice that I heard, except that it was so loud and was inside my head rather than heard with my ears, and it came at a time when I didn't feel in any danger at all - in fact I was very calm and happy.

Seeing Angels - True Contemporary Accounts of Hundreds of Angelic Experiences. Emma Heathcote James. Emma Heathcote-James has analysed over 800 such accounts for her PhD into Contemporary Experiences of Angels. Hundreds of people have claimed to have experienced visions of angels. These people are not crazy new-aged loonies, but ordinary people from all walks of life, from professionals to prisoners to children. This absorbing book, the product of painstaking research, gets to grips with the issues surrounding these strange manifestations. What do they mean? How do we know that we've seen one? When are they seen? The weight of the evidence may well lead you to adjust the way you have previously considered the supernatural.
