Ricoeur devotes the bulk of *Oneself as Another* to a detailed examination of the various complexes of human action. He explores in succession the most recent writings on: the semantics of action, the pragmatics of action, ascription of action, the mimesis of action in narrative, ethical and political praxis, and practical wisdom. This analytic of. 14 Originally planned as a tripartite *Philosophie de la volont *, the first volume is a practical phenomenology patterned on Merleau-Ponty's more theoretical phenomenology of perception. It is translated as *Freedom and Nature: The Voluntary* a tradition of studying the action. It was formed in the mid-twentieth century and its.  If Ricoeur's hermeneutics of action is a consequence of the hermeneutic, phenomenological orientation of his philosophy, the hermeneutic context of Arendt's action theory is hidden behind the political content of her texts. Both philosophers ask a question about the understanding of action not only by the actors themselves, but also by others (spectators, interpreters of the action). They are looking for the basis of action not in its cause-and-effect relationships but in relations between people. Arendt finds the basis of action in political relations. Ricoeur finds the basis of action in int
