Desiderius erasmus. The praise of folly. Translated by John Wilson 1668. ERASMUS OF ROTTERDAM to his friend THOMAS MORE, health: As I was coming awhile since out of Italy for England, that I might not waste all that time I was to sit on horseback in foolish and illiterate fables, I chose rather one while to revolve with myself something of our common studies, and other while to enjoy the remembrance of my friends, of whom I left here some no less learned. In Praise of Folly. Desiderius Erasmus. of serious matters triflingly, so nothing carries a better grace than so to discourse of trifles as a man may seem to have intended them least. For my own part, let other men judge of what I have written; though yet, unless an overweening opinion of myself may have made me blind in my own cause, I have praised folly, but not altogether foolishly. And now, if there be anyone that is yet dissatisfied, let him at least remember that it is no dishonor to be discommended by Folly; and having brought her in speaking, it was but fit that I kept up the character of the person. But why do I run over these things to you, a person so excellent an advocate that no man better defends his client, though the cause many times be none of the best?
