RSL CARE SA

OUR HISTORY

RSL Care South Australia Incorporated (RSL Care SA) is the new name for The War Veterans' Home, Myrtle Bank Inc. (WVH). The name changed in January 2012 when the aged care and housing operations of The Returned and Services League of Australia, SA Branch, (RSL-SA) were merged with the WVH.

The WVH formed on the 15th August 1915, was initially named the Peace Day League and then The Soldiers' Home League of SA. The object of the League was to raise funds to purchase a property as a home for discharged WWI soldiers and sailors whilst they transitioned back to civilian occupations, with preference being given to those who were incapacitated.

The Myrtle Bank homestead was purchased in 1917. It opened with five wards of four beds each, three beds on a verandah and more beds in a tent in the garden. An early chronicler (circa 1918) wrote 'From the front steps one looks out on a lawn and a beautifully kept garden, while beyond is the most wonderful view of the sea and land, a sweep from Kangaroo Island almost up to Gawler.' In 1919 an additional wing, the Cater Ward, was constructed.

Between 1920 and 1932 the Home was leased to the Repatriation Department as a TB sanatorium for bed-ridden ex-servicemen. During the time the Repatriation Department occupied the Home, an additional timber-framed wing was added, named the Repatriation Ward. It remained in use until the demolition of both it and the Cater Ward in 1960.

In 1940, the Red Cross Wing was constructed to accommodate 20 beds. At this time and for many years

after, the Home was almost self sufficient in vegetable and egg production with a significant income derived from its almond trees.

During this period, the role of the Home changed to providing accommodation to ex-servicemen who were either single or widowers and who did not have a home. As the residents aged, the Home gradually evolved into an aged care facility for ex-servicemen.

By 1965, Gallipoli, Pozieres and Gaza Houses had been built, the Red Cross Wing had been upgraded to provide hostel accommodation, and a 26 bed Nursing Home (Bangka) had also been established. The total accommodation within the Home was 132 beds. During the next two decades, several major improvements were made to the facilities of the Home including creating the Alexandra Park recreation area named in appreciation of the great support given over many years by the Alexandra Group of RSL Sub Branches. By 1984 Tobruk Wing was built and Bangka, Gaza, Gallipoli, Pozieres and the Red Cross Wing had been upgraded.

In 1966 the Board of Management changed its constitution to enable war widows, spouses of veterans, and residents from the general community

to be admitted to the Home. In April 2000 women were admitted to the Home for the first time, breaking the gender barrier and bringing a touch of lavender and roses to a place previously only occupied by men.

At this time there were ongoing changes in the Aged Care Industry with expectations of a higher standard by both government and residents. A redevelopment plan was adopted which resulted in bed numbers reducing to 95 but with the creation of new options for retirement living. The Gaza and Red Cross Wings were demolished and Kapyong Wing was completed. Pozieres and Gallipoli Wings were upgraded, with Pozieres Wing renamed Long Tan Wing. The redevelopment of the Tobruk Wing was completed in August 2001 and the upgrade of Bangka Wing was completed in March 2002. Nine Resident funded units had been constructed on site with a further five added in Urrbrae Avenue by July 2006.

The following year, the demolition of the original Homestead occurred to allow for the construction of a new two storey building to house meeting rooms, a hairdressing salon, physiotherapy office, Lifestyle office, a large activities room and a state of the art kitchen as well as nine luxurious apartments. This development, the Coral Sea Wing was officially opened in July 2008.

Today the War Veterans' Home Myrtle Bank is a 95 bed Residential Care facility consisting of high and low care residents in Bangka, Gallipoli, Long Tan, Lower Kapyong, Upper Kapyong and Tobruk wings. Also on site is a Retirement Village consisting of 14 Villas and 9 Apartments. With another 2 units due for completion mid 2015.

Although the War Veterans' Home has been connected with RSL SA for many years, it operated largely

independently until more recent years. By 1996 the RSL had developed plans for a new residential aged care facility at Angle Park. This facility, known as RSL Villas, commenced operating in 1997 with 41 beds. The facility was expanded in 2007 by a further 14 beds. Each wing (villa) is named after a South Australian with a prominent war service record. The RSL Villas is a modern, well run, aged care facility with strong connections to the local community who provide good support to the facility. The RSL Villas has the appropriate motto of "serving those who served". The RSL also operated several affordable/ community housing villages located at Clovelly Park, Campbelltown and Wallaroo. A Further site was located at Semaphore but was closed when the facility became unsuitable for this purpose and has since been sold with a view of using the sale proceeds to provide facilities elsewhere.

The governing bodies of The War Veterans' Home and the RSL SA came to the mutual view that as both organisations were providing similar services with similar objectives, it made sense for the operations to be merged under one management infrastructure. Thus providing a strong base for development of more services for the ex-service community. Negotiations took place over many months to ensure, amongst other things, that the distinct characteristics of the individual sites were retained.

On January 1st 2012, the RSL SA operations were merged into The War Veterans' Home Myrtle Bank Inc, whose name was changed to RSL Care SA. The new organisation is poised for the next phase of its already long life.
