Two projected changes in Ulster had, in 1607, determined Hugh O'Neill that nothing was left for him but flight from his native land. The first was the intention, often discussed but hitherto abandoned, to place a President over Ulster. Long ago Sussex had made the wise suggestion that O'Neill himself should be made President, and thus made responsible for the quiet and good government of the country on the Queen's behalf, but this plan was rejected, and for many years no step was taken. Her account is not a history of the famine, but personal eyewitness testimony to the suffering it caused. For that reason, it conveys the reality of the calamity in a much more telling way. The book is also available in Kindle.
