Moments of Terror is also the story of the more colorful aviators of Terra Australis Incognita. Few people today have heard of Lincoln Ellsworth, but in the 1930s he was as well known as Charles Lindberg. A colorful character, who among his other quirks strongly admired Wyatt Earp (and flew with Earp's actual gun in his plane). The book related the tales of his famous Antarctic cross-continent flight and his other flights there which made him a household name. More recent aviation activity is also covered in detail. The author relates the story of the C-130 Hercules and it's associat

Moments of Terror is also the story of the more colorful aviators of Terra Australis Incognita. Few people today have heard of Lincoln Ellsworth, but in the 1930s he was as well known as Charles Lindberg. A colorful character, who among his other quirks strongly admired Wyatt Earp (and flew with Earp's actual gun in his plane). The book related the tales of his famous Antarctic cross-continent flight and his other flights there which made him a household name. More recent aviation activity is also covered in detail. The author relates the story of the C-130 Hercules and it's associat David Burke, author of Moments of terror: the story of Antarctic aviation described the significance of the flights: The frozen continent no longer stood wholly isolated; by plane it was now a matter of 10 hours, not 10 days or 10 weeks away. The squadron, renamed the Antarctic Development Squadron Six (VXE-6) in 1969, continued to provide logistical air support for United States operations in Antarctica until it was disestablished in March 1999 because of Navy downsizing.Â Noel Gillespie. *Courage Sacrifice Devotion: the history of the US Navy Antarctic VXE-6 Squadron 1955-99*, Infinity Publishing.com, Philadelphia, 2005.
