While the proxy war in the middle-east rages, a curious, and largely under the radar pivot has been taking place in Egypt. Egyptian officials claimed that the contract with Saudi Arabia's state oil firm Aramco remained valid and appeared to expect that oil would start flowing again soon, on Monday, however, Egyptian Oil Minister Tarek El Molla confirmed it had stopped shipments indefinitely. Aramco has not commented on the halt and did not respond to calls on Monday. "They did not give us a reason," an oil ministry official told Reuters. "They only informed the authority about halting shipments of petroleum products until further notice." So, with Saudi Arabia turning a cold shoulder to Eg Saudi arabia beyond oil: the investment and productivity transformation. December 2015.
