Equally, Roger Blood and Vengeance: One Family's Story of the War in Bosnia Title, Blood and vengeance one family's story of the war in Bosnia. Names, Sudetic, Chuck. Book Number, DB048044. Title

Blood and Vengeance by Chuck Sudetic hits all the conventional themes of the genocide in Yugoslavia. Political elites took advantage of the opportunistic political structure and nationalism to attain power. When the Serb army poured South up the Drina Valley in the early weeks of the war in 1992, they quickly took Visegrad, the nearest city to Kupusovici, drove out 10,000 Muslims, and slaughtered another 2000, many of them by shooting or throat-slitting on Ivo Andric's famous bridge. So many bodies were dumped into the Drina that it was said no one would fish in it for three years. My first attempt consisted of a series of letters between a Sarajevo shopkeeper involved in the black market and his young daughter who lives in Paris with his ex-wife. I realized I had a novel on my hands and not enough research. So, I set this draft aside. I am especially indebted to Sarajevo Blues by Semezdin Mehmedinovic, Fools Rush In by Bill Carter, and Blood and Vengeance: One Family's Story of the War in Bosnia by Chuck Sudetic, Michael Winterbottom's Welcome to Sarajevo and Danis Tanovic's No Man's Land, as well as the heart-wrenching poetry I read online.

Blood and Vengeance contains the sweep and power of a panoramic historical painting, yet possesses the heartbreaking intimacy of a family snapshot. ...more. Get A Copy. Amazon.Â By telling the story about a family from the 19th century through to the Balkan War, Sudetic is able to tell the story of Bosnia. The Celik family come from the mountains and through their family history we learn about Bosnia's history from feudalism, to the Ottoman Empire, and how these sewed the seeds of WWII, and then the Balkan War. The Celiks become refugees and end up in Srebrenica where half the family is decimated by the massacre in which 8,000 men were killed. Of all the reporters who covered the Bosnian war, none saw more clearly, dug more deeply or reported more acutely than Chuck Sudetic. Now, with Blood and Vengeance, he has done nothing less than write the defining narrative of the Bosnian conflict. It is an extraordinary achievement. David Rieff". Specifications. Publisher. W. W. Norton & Company. Book Format. The Bosnian war had ended by then, or seemed to have ended. Zora and her sister were down in a meadow below their cinderblock house. They were using a pair of paper scissors to shear their sheep and were stuffing the fleece into plastic bags.Â At about the time of the birth of Christ, legions of foreign soldiers conquered Bosnia and merged it into the vast blend of tribes, peoples, city-states, and colonies called the Roman Empire. The Romans built villas and roads in the Drina valley over the next four hundred years. Latin became the language of the land.

Blood and Vengeance by Chuck Sudetic hits all the conventional themes of the genocide in Yugoslavia. Political elites took advantage of the opportunistic political structure and nationalism to attain power. When the Serb army poured South up the Drina Valley in the early weeks of the war in 1992, they quickly took Visegrad, the nearest city to Kupusovici, drove out 10,000 Muslims, and slaughtered another 2000, many of them by shooting or throat-slitting on Ivo Andric's famous bridge. So many bodies were dumped into the Drina that it was said no one would fish in it for three years.
