Public disquiet has been intermittently but vehemently expressed about the crime of rape and the way it is handled by the criminal justice system. But in the 21st century the legal process still fails to provide an adequate response to sexual violation and abuse. This text examines some of the difficulties which this crime presents and analyses in detail how the legal system could and should be addressing them. Central issues considered include the experience of rape victims, their treatment by the police and the courts and the inadequacies of the present law and the rules of (Editor's note: The opinions in this article are the author's, as published by our content partner, and do not represent the views of Microsoft News or Microsoft.). The rape and murder of the young veterinarian professional on November 27 shook the conscience of the people and triggered outrage across the country. The investigation was almost instantaneously underway and four suspects were arrested by the police on November 29 and produced before a magistrate by the next day. The police has claimed that when, on December 6 at 3 am, it took the accused to the crime site for reconstructing the e
